We are pleased to share an exciting new approach to our Junior Sports program, designed to meet the individual needs of each of our families during this unusual time. We want this summer to be fun and safe, for both children and parents alike!

The LCC staff will be offering small group clinics, as well as private and semi-private lessons, for our children this summer. Our aim is to create small groups based on age/ability but we are open to special requests. We encourage you to let us know what feels safe and comfortable for your family so that we may develop a program unique to your individual needs.

At this time, the pool remains closed per order of the state. We anticipate we’ll be permitted to open Saturday, June 20. Due to social distancing measures we are unable to offer a swim team this season, but we do plan to offer lap swimming and family swim times as soon as we are permitted to open. We will keep you abreast of new information as we learn more from our state and local authorities, and will provide you with updated safety guidelines prior to opening day.

Junior tennis and golf clinics will run weekdays between 10 am and 2 pm beginning Monday, June 22. Private and semi-private lesson times may vary and are available every day.

Please let us know as soon as possible, by email to juniorsports@litchfield.club, if you’re interested in having your child participate in golf and/or tennis this summer. Please include your child’s name, age, desired activities and any special requests you may have. Once we have an understanding of everyone’s needs, we will reach out to you with a proposed schedule for your child.

Please note: participation is billed weekly. Due to staffing, cancellations made within ten days prior to the start of the scheduled clinic are non-refundable but may be deferred to another week. In the event of an absence, your child may make up the missed class another day.
While children will be permitted to be alone at the club when participating in a clinic, we request that all children under the age of 13 be accompanied by an adult when not actively involved in a lesson or clinic. This is for the safety and well-being of our entire community during this unusual time.

Please direct any questions to Liz DeVos, epd1166@gmail.com or (860) 318-5605. We look forward to seeing everyone soon!!
